- Aspiring and technically skilled MCA graduate with practical experience in Python, Java, MySQL, HTML, CSS, and React.js . Seeking an entry-level role in software or web development, eager to work with innovative teams to create high-quality, scalable, and efficient software solutions. Passionate about continuous learning and contributing to impactful projects Proficient in Dynamic Algorithms, Object-Oriented Programming, and Problem-Solving. Proven track record of delivering high-quality solutions to meet business requirements.

WORK EXPERIENCE

WEB DEVELOPMENT INTERNSHIP   **Jun 2022 - Dec 2022**
CWLWEBIO (OPC) PVT LTD, Pune

- Developed responsive and user-friendly web applications using HTML, CSS, and JavaScript, enhancing front-end design and functionality. Collaborated with a team to implement backend functionalities using technologies like Node.js, Express . Conducted debugging, testing, and code reviews to improve application performance and ensure cross-browser compatibility. Gained hands-on experience with version control tools like Git and learned agile development practices.

SKILLS

Languages: Java, Python, C#, C, C++

Tools/Frameworks: Spring Boot, GIT , Django

Databases: MySQL, Oracle, SQL Server, MongoDB

Web Technologies : React, Angular, ReactJS, HTML, CSS, JSP, Servlets

Building Tools & Others: Eclipse, VS Code, Turbo C++, NetBeans

PROJECTS

1. **YoPuneri - Cake, Flowers, and Personalized Gifting website**   **July 2022 - Sept 2022**
   - Utilized HTML, CSS, JavaScript, and React.js for frontend development.
   - Implemented backend functionality using Node.js and Express.js.
   - Managed and integrated MongoDB and MySQL databases.
   - Collaborated with the team to ensure seamless integration and optimal performance.

2. **ExitaAdmin - Supply Chain Management System (UI/UX)**   **Oct 2022 - Nov 2022**
   - Participated in the UI/UX design and planning of a Supply Chain Management System.
   - Worked closely with stakeholders to understand requirements and deliver intuitive user interfaces.
   - Ensured the design met both user needs and business objectives.
   - UI/UX Design: Wireframing, Prototyping, User Research, Usability Testing. Frontend Development: HTML, CSS, JavaScript, React.js

3. **Chatting Application (Messaging Application)**   **June 2023 - Aug 2023**
   - Developed a messaging application with real-time chat functionality.
   - Employed iOS (Swift and UI Kit) for the frontend.
   - Built backend services using Node.js and Express.js.
   - Integrated MongoDB for efficient message storage and retrieval.
   - Implemented WebSocket for real-time communication.
   - Ensured high performance and scalability to handle multiple users simultaneously.

EDUCATION

Master of Computer Application (Computer)   **August 2023 - Jun 2025**
MIT World Peace University, Pune

Bachelor of Computer Application   **Jun 2019 - April 2022**
Gopal Krishna Gokhale Collage, Kolhapur
